

**Resolution 1992-2**  
of the  
**Fox Canyon Groundwater Management Agency**

**A RESOLUTION**  
**ACKNOWLEDGING**  
**THE FCGMA IS IN A STATE OF OVERDRAFT**

**Whereas, the GMA is in a state of overdraft etc; and**

**Whereas, there has been a lack of rainfall and limited recharge at the same time State Project Water deliveries have been similarly limited because of Northern California's drought conditions; and**

**Whereas, suppliers have had to increase water rates and limit deliveries; and**

**Whereas, some users have drilled their own wells and initiated extractions to meet their needs and avoid paying higher water rates; and**

**Whereas, this years (1991-92) rains and recharge have been above average; and**

**Whereas, suppliers may now be able to reduce rates and increase delivery; and**

**Whereas, some groundwater users may be able to go back onto the previous system and thereby reduce local extractions.**

**Therefore, this Board does endorse and encourage individual well owners to discontinue or reduce their extractions wherever possible, and to reconnect to existing systems that supply imported water.**

**PASSED AND ADOPTED this 22<sup>nd</sup> DAY OF MAY 1992.**

**Lynn E. Maulhardt, Chair - Board of Directors**

**Attest: I hereby certify that the above is a true and correct copy of Resolution 1992.**

  
**Karen Schoonover, Clerk of the Board**

Fox Canyon Groundwater Management Agency

Resolution  
No. 92-2

Whereas: The GMA is in a state of overdraft etc.

Whereas: There has been a lack of rainfall and limited recharge at the same time State Project Water deliveries have been similarly limited because of Northern California's drought conditions

Whereas: Suppliers have had to increase water rates and limit deliveries

Whereas: Some users have drilled their own wells and initiated extractions to meet their needs and avoid paying higher water rates

Whereas: This years (1991-92) rains and recharge have been above average

Whereas: Suppliers may now be able to reduce rates and increase delivery

Whereas: Some groundwater users may be able to go back onto the previous system and thereby reduce local extractions

Therefore: This Board does endorse and encourage individual well owners to discontinue or reduce their extractions wherever possible, and to reconnect to existing systems that supply imported water.

PASSED AND ADOPTED this \_\_\_\_\_ day of \_\_\_\_\_, 1992 by the following vote:

AYES: Directors
